To go and enquire whether these instructions have been carried out is impossible.

Mr. A. Narayana Menon.—My point is—does not the diary show 'inspected the garden of such and such persons, gave instructions, etc?' Does not the diary show that at least? If it does not show, will the Director of Agriculture be pleased to insist upon the officer to note at least these essential things in the Diary?

Mr. K. Krishna Warriar.— Of course, I shall issue orders to note down in the diary important informations and if anybody has carried out the instructions that also.

Mr. K. M. Ibrahim.—Is this officer doing anything on his own initiative to advise and help the agriculturists apart from the requirements of the people?

Mr. K. Krishna Warriar.—Yes.

Mr. K. M. Ibrahim.—In what way, please?

Mr. K. Krishna Warriar.—He is persuading the ryots to carry on agricultural operations on improved lines and also the introduction of new varieties of plants and other fruits trees.

Dr. A. R. Menon.—Unless the work is recorded in the diary how will the Director be able to know whether he has carried out his work?

Mr. K. Krishna Warriar.—Such important portions of the work will be recorded in the diary. For example I shall cite one here. From the Appendix it will be seen that he advised Thukkalam Kochapilli Chummar Ittoop. He was advised to cultivate grains in his garden and instructions were given by the Inspector.

Mr. President.— So you concede the Hon'ble Member's point that the officer must note his work in the diary?

Dr. A. R. Menon.—What I want to say is that the object of writing the diary is for the superior officer to see whether the subordinate officer is doing his work or not. Let the diary be in such a way that it can be checked by superior officers.

Mr. K. Krishna Warriar.—It is being done.

Vellangalloor-Kombodinjamakkal road to Pulloor Panchayat road.

233. Mr. K. S. Manickam.—Will the Government be pleased to state:—
